PROCEDURAL HISTORY

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final decision of this matter, subject to the approval of the Veterinary Examining Board. The Board has reviewed the attached Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

FINDINGS OF FACT

1. Sanjay S. Jain, D.V.M., ("Respondent") was born on June 26, 1970, and is licensed to practice veterinary medicine in the state of Wisconsin pursuant to license number 4701-50. This license was first granted on June 27, 1997.

2. Respondent's most recent address on file with the Wisconsin Veterinary Examining Board is 1906 N. Richmond Avenue, Appleton, WI 54911.

3. At all times relevant to this proceeding, Respondent was working as a veterinarian at Apple Valley Veterinary Clinic, 820 East Northland Avenue, Appleton, Wisconsin.

4. On the morning of April 24, 2007, a one year old male cat owned by Sean Stephens, was brought to Apple Valley Veterinary Clinic to be neutered and declawed.

5. Respondent states that the Stephens cat was anesthetized with .9 ml of Ketamine/.1 ml Acepromazine intramuscularly. Pre-anesthetic blood work was declined. The declaw was performed with a #12 blade, closed with surgical glue and bandaged and the neutering followed. After the surgery, a distemper combination vaccination was administered. The cat recovered uneventfully.

6. The following day, at approximately 11:30 a.m., the Stephens cat suffered a seizure and before Diazepam could be administered, the seizure passed and the cat appeared alert. The heart and lungs auscultated within normal limits. 10 minutes later the Stephens cat went into cardiac and respiratory arrest and injections of Epinephrine and Dopram were given. Treatment was unsuccessful and the cat ultimately died.

7. Respondent failed to note in the medical record the fact and results of a preoperative physical examination, the pain medications administered, including dosage and amount, and any recording of post-surgical patient monitoring.

#### CONCLUSIONS OF LAW

1. The Wisconsin Veterinary Examining Board has jurisdiction to act in this matter, pursuant to Wis. Stat. §453.07, and is authorized to enter into the attached Stipulation and Order, pursuant to Wis. Stat. § 227.44(5).

2. Failing to document a preoperative examination, administered pain medications and post operative monitoring in the patient's medical record constitutes a violation of Wis. Admin. Code §§ VE 7.03(2) and VE 7.06(15).
